## **CIA Developers Reunites with DEMACO**

### ***Company sees strong growth in market***

**MELBOURNE, Fla., August 4, 2009** – DeFrancisci Machine Company, LLC., formerly DEMACO of 4401 Fortune Place, has opened for business at 500 North Drive, Melbourne, FL. The company specializes in the sales of parts, service and maintenance of existing DEMACO equipment, along with sales of new pasta processing equipment. It is also the exclusive owner of all intellectual property and the only source for original DEMACO parts and equipment

“We are excited to be up and running again,” said Joe De Luca, Vice President. “Since rejoining the company, sales have exceeded our expectations.”

DeFrancisci Machine Company, LLC’s owners, Joseph DeFrancisci, Leonard DeFrancisci and Joseph Petruzzello, have a long history in producing pasta processing equipment. The DeFrancisci family has manufactured pasta machinery in the US since 1914, spanning four generations.

“We are looking forward to working with local suppliers and building upon the company’s past success,” said Joseph Petruzzello.

The company was located in Brevard County from 1991 to 2005. In 1991, Howden Group PLC purchased DEMACO from the DeFrancisci family. The food equipment portion of the company was later sold to a Chicago based company in 2005. In 2009, the DeFrancisci’s acquired the intellectual property, designs and all drawings of DEMACO.

“DEMACO was at one time our largest client in Brevard County,” said Bruce Ingram, President of CIA Developers. “It is really a pleasure to have the opportunity to work with them once again.”

### **About CIA Developers**

Founded in 1981, Cunningham, Ingram & Anderson, Inc. is a commercial and industrial real estate development and property management firm. The company owns, manages and leases in excess of 1.2 million sq. ft. of commercial space in Brevard and Volusia counties.
